Subject: Class Visit

Hi Rick,

Thanks for letting me observe your class yesterday. It was great to see all of the students working with the computers. All of the students were involved in the work and the few I talked really enjoyed using the computers in the class. You and Ms. Johnson did a great job wandering the class, helping students, and keeping them on task. I loved the context lesson on pudding ☺.

Please let Ms. Johnson know that I was very impressed with the rapport she has built with the students. I listened in to several of her conversations with students as they asked for her help. If she were the only teacher in the room, I would have assumed she had several years of experience.

Again thank you and if I can support you in any way please let me know.
